1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

We made the mistake of buying a home in Tega Cay 15 years ago. All we can see is that Tega Cay Water Ser. has used this system as a cash cow, pulling the profits without improving the system. If this is allowed to go through as proposed, who in their right mind is going to buy our house knowing that it will cost them \$782.28 a year for sewer service alone?? Then add the price of water?? We have always had a problem with how the sewer has been handled here, it is not fair for a household of one to pay the same rate as a household of eight. I know for a fact that there are programs out there that fairly figure sewer rates based on water usage and I do not understand why this company is not required to use one of them. Sincerely, WW Anderson III
